

# NEED AZURE EXPERTISE... FAST?

## CHALLENGE

LAM call center BPO client was dealing with aging server infrastructure, numerous custom applications and limited Azure expertise amongst their small IT staff.

## WORST CASE

With the growing need for efficient WFH computing, and pending office lease expiration, client had to move to the cloud FAST, or risk losing staff and clients.

## SOLUTION

LAM brought in Netrix (Microsoft Gold Partner) to provide turnkey Azure design & deployment services, and help streamline SQL databases, as well.
